Sponsor a potential member and bring them along as NARI's guest.

Hamilton Parker invites Ohio Valley NARI members, their guests and prospective members to come together at their Sharonville Showroom location for an evening of education, food & drink.

Ohio based Hamilton Parker has evolved through the years alongside the marketplace, originally a coal supplier, their current offerings range from stone and ceramic tiles to garage doors and fireplaces. Hamilton Parker has gathered some of the top experts in tile installation and the following are topics that will be covered this evening:

- Brian Petrucci from Hydroment will be doing a presentation on Tru-Color Urethane Grout and the benefits of using it versus epoxy grout. He'll cover cost effectiveness, ease of clean up and maintenance benefits.
- Bastian Lohmann from Wedi will present the benefits of using preformed shower systems versus poured shower pans: ease of installation and time savings.
- Jim Messer from USG will give a demonstration on Underlayment and Waterproofing Systems - when and where to use different types of tile backer boards, cutting techniques and installation tips.

Their new Tile Showroom featuring Walker Zanger, Pratt & Larson, and Sonoma Tile Makers and these exciting topics are not to be missed. This is sure to be an evening of new information and an opportunity to continue leading the industry into the future.
