Evening of Excellence

6:00 p.m.
The Newport Syndicate
18 E. 5th St
Newport, KY 41071

On Thursday, November 4th, Viewings would like to invite you to discover a world of conveniences that our clients enjoy. With today's new home sales at a standstill, many homeowners have opted to "hunker down" and improve their current home to match their lifestyle and to create their "Dream Home" without changing their address!

With expertise in anything that plugs in, Viewings offers services in many of the fields that professional remodelers' are looking for. When a customer asks their remodeler about custom A/V systems, Viewings provides specialty consultation that ensures their satisfaction! Viewings has the know-how to work with existing equipment or wire an entire house so that systems become an integrated and seamless part of the overall home design.

Viewings will present to Ohio Valley NARI members and guests the trends they see in the world of automation and "going green". The program will be held in the beautiful Green Diamond Gallery, also located in Montgomery. At the gallery, attendees will experience one of the largest privately-owned collections of baseball memorabilia in the United States. Your friends at Viewings will provide the food; the drink and a GREAT raffle (it's a secret)! Participants are sure to enjoy a night for education that will further distinguish NARI as the premiere association of remodeling experts.

Who Should Attend: NARI members interested in the growth of the remodeling industry and prospective members.
